Game Sales

AI & The Job Market

USC Crime

GAME SALES

PROJECT FOCUS

- Compare physical sales (discs and cartridges) with digital sales (downloads, subscriptions, in-game purchases) over time
- Identify which platforms (PlayStation, Xbox, Nintendo, PC) moved to digital fastest
- Users can filter by year and platform, and simulate how a set rate of physical decline would change future sales.
- Compare board game growth with the drop in physical video game sales

DATA RESEARCH

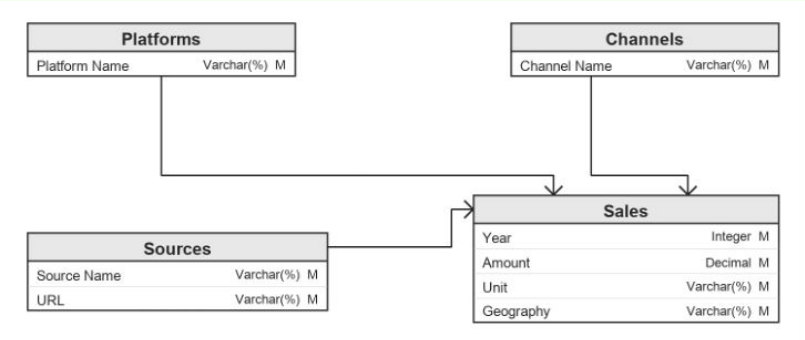

Video Games Chronicle: US physical spend halved since 2021 Boxed game spending is now more than 85% below its 2008 peak, based on a 25-year Circana graph.

PCWorld: PC downloads pass retail

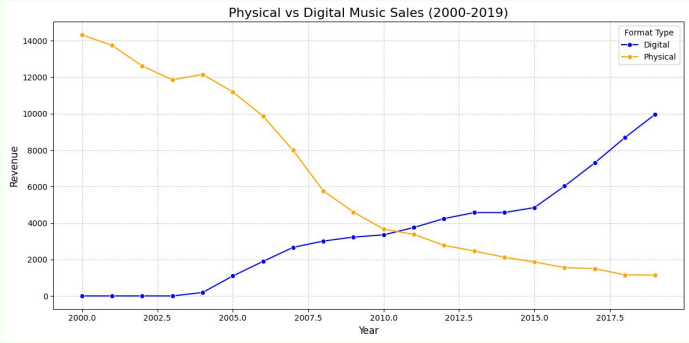

ICv2: 2023 board game dip. Hobby board games fell about 10% to $390 million in 2023, down from a 2021 high of $440 million.

DATA VISUALIZATION

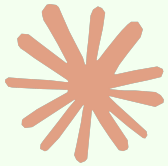

AI & THE JOB MARKET

PROJECT FOCUS

- Visually show the impact of AI on the job market, did it create more or less jobs?
- Identify changes in US hiring rate after the release of generative AI (Open AI, Claude, etc)
- Understand how recent college grads will be affected by the implementation of AI in the workforce
- Users can compare unemployment rates before and after the popularization of AI
- Data will be collected from recent years (2021-2026) and filterable by date

USC CRIME EXPLORER

PROJECT FOCUS

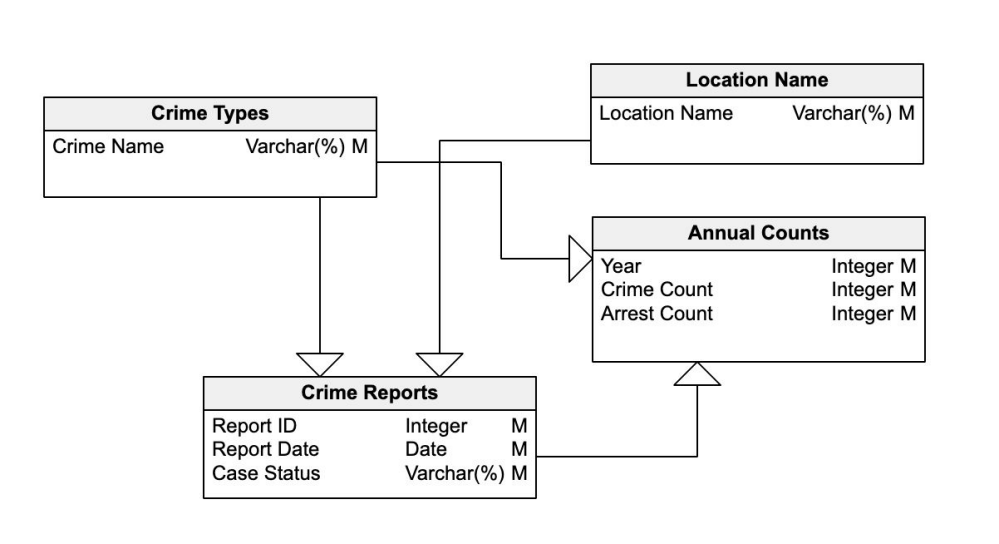

- Explore theft, burglary, motor vehicle theft, and robbery at USC
- Identify changes over time and locations with the most reports
- Main question: Which crime types are increasing or decreasing?
- Users can filter data and simulate how an assumed reduction would change reported counts.

DATA RESEARCH

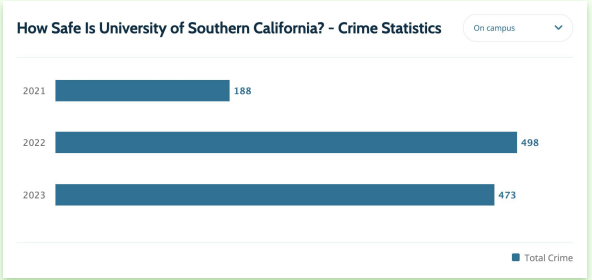

- https://dps.usc.edu/wp-content/uploads/2025/06/Ed-Code-67380-Crime-Statistics-On-Campus-2023-to-2024-1.pdf - Annual crime counts by category (2023-2024)
- https://dps.usc.edu/alerts/log/?utm_source=chatgpt.com - Daily crime log: Individual reports, dates, general locations, and case dispositions.
- https://dps.usc.edu/wp-content/uploads/2026/10/60-Day-10-22.pdf - Additional historical data and geographic definitions.
